<p>Relation to Standards</p> <ul style="list-style-type: none"> I like the NYS department graphic. It allows the reader to know where to go for the standards. Very well organized congruency page. I love how the apple graphic breaks up the page 	<p>Relation to Standards</p> <ul style="list-style-type: none"> I noticed that the English and Social Studies standards have different formats. Are they supposed to? Or are you missing some info in the social studies standard? Possibly in the congruency table you can link the student work column to the student work page 	<p>Relation to Standards</p> <ul style="list-style-type: none"> The ELA and Social Studies standards do have different formats. Linking Student work to the Congruency Table is a great idea!
<p>Intellectual Challenge</p> <ul style="list-style-type: none"> Great connection with Social Studies and English. The variety of assignments and in depth explanation required allows students to become independent thinkers. 	<p>Intellectual Challenge</p> <ul style="list-style-type: none"> 	<p>Intellectual Challenge</p>
<p>Assessment Plan</p> <ul style="list-style-type: none"> I like how you have a bar graph to show the student work. Very easy to follow. 	<p>Assessment Plan</p> <ul style="list-style-type: none"> On your comments page, you did not complete the instructor's score for your assignments. 	<p>Assessment Plan</p> <ul style="list-style-type: none"> I believe Mr. Arnold is going to fill out that section.
<p>Engagement</p> <ul style="list-style-type: none"> The website is very engaging with the variation of colors. The assignments are very engaging because they ask the students to do a variety of tasks. All of your links work nicely. They pop up quick and easy 	<p>Engagement</p> <ul style="list-style-type: none"> The procedure page is a little off. All of the text is shoved to one side. 	<p>Engagement</p> <ul style="list-style-type: none"> I will fix this.
<p>Adaptability</p> <ul style="list-style-type: none"> The homework assignment gives students' the opportunity to format it in their own way. The modification table is well organized with many links, which make it easy to follow for the reader. 	<p>Adaptability</p> <ul style="list-style-type: none"> 	<p>Adaptability</p>

<p>Technology Integration</p> <ul style="list-style-type: none">• Nice use of research using the internet.• Good that you have them type up their papers.• I like how you put a link to the website the students used on the resources page.	<p>Technology Integration</p> <ul style="list-style-type: none">• Possibly add PowerPoint presentations so the students can present one aspect of their research.	<p>Technology Integration</p> <ul style="list-style-type: none">• This is a great suggestion. Unfortunately, in my placement there was no time for it, but I will certainly add in the option for future use of this lesson.
